PROJECTOR & SCREEN RENTALS | LIVE VIDEO FEEDS | CREATIVE VISUALS
CD/DVD DUPLICATION & PACKAGING | DJ SERVICES | LIGHTING & EFFECT LIGHTING

Non Profit Fundraiser Rental Pricing Policy

We like to support the Community by offering a discount to fundraisers & the discount being a percentage off typical rates.

Here are a few variables we consider...

Does the event benefit the Community as a whole?

Is the event something I am personally involved with?

Does the fundraiser generally raise enough funds to fairly support the expenses associated with fundraising. ie. If the total expenses at regular rates total 1,000.00 and the total raised is 4,000.00 or more, the non-profit organization running the event can afford the regular rates for services provided by all community businesses providing services. Generally, if 25% of all funds raised cover all expenses to raise those funds, it's fair to cover those expenses at typical rates and consider the fundraising event a success.

We provide a significant discount by way of being a major contributor to 3 major annual events locally. The Relay for Life, SWOVA's Sparkfest & the SSI Toy Run.

Also, when musicians rent equipment for their gigs from us, we contribute 3% of that revenue to the Unison Benevolent Fund that provides self employed musician's with employment insurance & health benefits.

Feel free to contact us at 250 537-0832 or by email from the website to inquire about your community benefiting fundraising event.

Thank you for your community involvement and supporting local business.

Sincerely,

Dave Vollrath, Living Water Media Services
